The Board of Directors

OUR FIRM

Κήνσωρ **A.E.**

JANUARY 2022

Kinsor S.A. is a rapidly upcoming firm regarding its turnover, the number of its clients and its human resources. Its purpose is to contribute to profession development and to respond to the increasing demand for professional services provided by well trained personnel in matters of accounting, tax and financial advice, as well as in special topics such as business organization, business restructuring, mergers and acquisitions and various other advisory services, as market is being shaped during the current circumstances.

Kinsor S.A. grants access to a network of professional service provision based on advanced methodologies, staffed by highly qualified executives in terms of knowhow, quality, integrity, confidentiality, and independence, aiming to respond to the modern needs of businesses as well as to the provisional requirements of supervisory bodies.

OUR VALUES

Κήνσωρ **A.E.**

All workings are always performed by the most qualified, experienced, and flexible partners for each situation, who are trained and being informed on a daily basis, in order to correspond efficiently to the demands of current difficult circumstances and especially within a constantly changing theater of operation in terms of legislation, accounting and taxation.

Consistency in performance obligations

All services provided are concluded by the highest professional standards, responsibility, reliability, and confidentiality, for ensuring client's sustainability and its direct but discrete service.

Responsibility

Staffed with expert and experienced partners, we are able to provide, in a direct way, the answers and advice you need regarding any accounting, tax or business consulting issue you have set to us, which concerns you.
